  ✓ Develop your district’s personal story and emphasize local concern. One of your biggest
    assets is that you understand how things work at the local level. Members are always
    eager to hear how state programs and funding are being implemented at the local level.
    This is your chance to relay this information. Lobbying with real-life experiences is your
    most persuasive tool.

LEGISLATIVE UPDATES

• MSBA Day at the Capitol
  ✓ Annual conference is held during the early part of the legislative session to inform and
    engage board members to advocate for public schools and network with colleagues as
    well as other local government officials.

• Regional Meetings
  ✓ MSBA holds annual regional meetings across the state.

• Become a Delegate
  ✓ MSBA’s legislative positions are adopted through what is recognized as one of the most
    grassroots approaches of any of the interests represented at the state Capitol. School
    board members from throughout the state are elected for a two-year term by their
    peers to serve as delegates. These delegates come together at the MSBA Delegate
    Assembly Conference (held each December) to discuss and vote on various legislative
    resolutions submitted by school boards and individual school board members.
Those resolutions that receive a majority vote, as well as positions adopted during previous years, become the basis for MSBA staff lobbying efforts on behalf of all public school board members in the state.

Contact your legislators: http://www.mnmsba.org/ContactYourLegislators

Follow the steps below for a more effective phone call to your representative:
1. State your name and address, and indicate whether you are a constituent or not.
2. Give the name and House or Senate File number of the legislation, or clearly explain the issue.
3. State whether you oppose or support the legislation and how you want your legislator to vote. Include a statement on how the issue affects your district. You will usually be speaking with a legislative aide who is checking pro or con and the call will last a very short time. Keep the phone call under five minutes unless the aide or legislator prolongs the conversation.
4. Listen to the legislator’s point of view.
5. Take down the name of the aide with whom you spoke so that you will have a contact person in case you need to contact the legislator again.
6. Thank them for their time, both on the telephone and with a note of thanks for the conversation that includes a concise summary of your opinion.
7. Do not try to talk your way around questions to which you do not know the answers. Say that you will get back to the legislator or aide, and then do so.

Visit Capitol
2. Select a spokesperson. If you are in a group of people, you should select a spokesperson. Although everyone should contribute to the conversation, you should have one person who will begin the discussion. Generally after introductions are made you might be asked why you meeting. The spokesperson should be prepared to briefly explain and then highlight the main issues that the group members want to discuss. Decide in advance who will discuss each issue so that your visit will run smoothly.
3. Ask directly for your members support. If supportive, ask him/her to lobby other members of Congress to support your position. If your member of Congress disagrees with your position, hear him/her out politely, express respectful disappointment, and rebut the argument if you have the facts to do so.
4. Write a follow-up letter. Send the member a follow-up letter thanking him/her for meeting with you. This is an excellent opportunity to reiterate the issues that were discussed during the meeting.

Identify Legislative Champions
1. Develop relationships your legislators, parent groups and other members of the community.
2. Go to town meetings and other gatherings and introduce yourself.
3. Identify individual(s) who can make a direct contact with legislators to clearly state support or opposition to legislation and how you want the legislator to vote.
4. Constituents will be able to have direct contact with their own legislators, and their input has significant impact on the responsiveness of the leaders in their own district.
5. If others are already working on this issue and position, it may be best strategy to join their efforts and expand the overall support for the policy goal.
• **Write Letters**
  
  ✓ Contact your legislators: [http://www.mnmsba.org/ContactYourLegislators](http://www.mnmsba.org/ContactYourLegislators)
  
  ✓ Take the following steps to write a more effective letter to your representative.

1. Use the correct address and salutation (i.e., Dear Senator name, or Dear Representative name, or Dear Governor name). While the legislature is in session, send letters to Senate or House offices.
2. Describe the bill by popular name and by House or Senate file number, or clearly describe the issue.
3. Be brief and clear. Write about one issue per letter, and state the issue and how you want your elected official to vote in your first sentence. Letters should be no longer than one page, however longer letters may be appreciated if you have some new information on the subject.
4. Be specific. If possible, give an example of how the issue affects your district.
5. Be timely. Make sure your legislator will have sufficient time to consider your request.
6. Know your facts.
7. Demands, or threaten defeat at the next election. You will want to have future contact with the legislator.
8. Use your own words and stationary rather than form letters or postcards when possible.
9. Be constructive. Explain an alternative or better solution to the problem and offer to be a resource on the issue.
10. Send a note of appreciation when your elected official supports your issue.
11. When he or she does not support your issue, explain why you think a different decision should have been made. It might make a difference the next time.

• **Complete Surveys**
  
  ✓ MSBA Government Relations team periodically sends out surveys via email to all members to gather information about their district experiences.
  
  ✓ Respond to MSBA legislative alerts
